

## *On the Sunnyside*

1 Please, Mrs. Sunshine we've got March and it's cold  
You are still-behind that hill- hurry up don't be so slow

*Bridge* We're all waiting for the days getting longer  
For the trees come into bloom  
Then we'll go down to the beach  
I'll find me my baby soon

*Ref* We gonna sit out on a street  
On the Sunnyside on the Sunnyside  
Conversation with people we meet  
On the Sunnyside on the Sunnyside  
On the Sunnyside of the street

*Solo über Ref.*

2 Please, Mrs. Sunshine I'm looking awful today  
There's no tan left on my skin no chair on my balcony

*Bridge* I was thinking about moving to the south  
But I would miss the four seasons, too  
Mrs. Sunshine you've stayed away for too long  
It all depends on you

*Ref*
